PROFESSIONAL SUMMARY

Detail-oriented Software Developer with nearly 1 year of hands-on experience in software engineering with experience working in an agile environment. Proficient in Java, SQL, and various web technologies. A passionate developer with a strong work ethic, who loves problem-solving, and working with others!

EDUCATION

The College of New Jersey (TCNJ)
Bachelor's, Computer Science

Aug 2022 - Dec 2024
GPA: 3.51

SKILLS

Languages: Java, C/C++, Python, Ruby, HTML/CSS, JavaScript, TypeScript, SQL

Frameworks & Libraries: Node.js, Next.js, React.js, React Native, AngularJS, Ruby on Rails, Flask, Django, Bootstrap

Tools & Technologies: Git, AWS, FastAPI, Docker, Kubernetes, MySQL, MongoDB, Linux/Unix, MacOS, Windows, Bash, Postman

PROFESSIONAL EXPERIENCE

ETS

Princeton, NJ, USA

Software Engineer | GitLab, SQL Developer, AWS, Java, Python, Spring Boot

Mar 2024 - Dec 2024

- Worked with team to accomplish various tasks following an agile methodology (DevOps) and leveraging JIRA.
- Developed web services (REST APIs) to query data from the internal Oracle Database using Hibernate to return JSON data.
- Improved efficiency by decreasing manual testing efforts by 40% by implementing automated end-to-end tests using GitLab CI/CD pipeline.

PROJECTS & LEADERSHIP EXPERIENCE

Sukhino

Remote

Software Developer | Python, Django, Google Cloud, Vertex AI, Hugging Face, MySQL

Dec 2024 - Present

- Designed a scalable Generative AI service using Google Vertex AI to integrate a fitness/wellbeing chatbot into a health app.
- Developed scalability solutions using load balancing and message queues to handle concurrent user requests efficiently, enhancing app performance and reliability.

Protestify - [Link to project](#)

Ewing, NJ, USA

Lead Developer | Angular, Typescript, Ruby on Rails, PSQL, Google Maps API

Jan 2024 - May 2024

- Created a platform adhering to the MVC architecture for promoting peaceful rallies; integrating custom APIs for backend data retrieval.
- Designed user-friendly interfaces and interactive features to enhance user engagement, resulting in increased user interaction and satisfaction

Hearing Loss Simulator - [Link to project](#)

Ewing, NJ, USA

Developer | HTML, CSS, JavaScript, WaveSurfer

Jan 2024 - May 2024

- Engineered an educational simulator to replicate the experience of Sensorineural Hearing Loss, fostering awareness.
- Integrated interactive features, including customizable hearing loss settings and real-time feedback.

Diversity & Inclusion Group In Tech for All (DIGIT.ALL) - [Link to project](#)

Ewing, NJ, USA

Web Master | GitLab, HTML, CSS, JavaScript, Tailwind, FormSpree

Sep 2023 - May 2024

- Responsible for web development projects, enhancing the organization's online presence and functionality.
- Conducted scrum-like meetings with organizational leadership to discuss project progress and requirements.

HackTCNJ - [Link to project](#)

Ewing, NJ, USA

Director of Technology | Python, Django, Heroku, AWS, SendGrid API

Sep 2023 - Feb 2024

- Led the technology team for TCNJ's annual hackathon, maintaining and improving the event's digital infrastructure.
- Collaborated with team members to ensure smooth operation and user experience during the event.

CERTIFICATIONS

Software Developer Associate | AWS

In-progress

Full-Stack Developer Professional | Meta | Coursera

Dec 2023
