PROFESSIONAL SUMMARY

Detail-oriented Software Developer with nearly 1 year of hands-on experience in software engineering with experience working in an agile environment. Proficient in Java, SQL, and various web technologies. A passionate developer who learns quickly and loves to work with others!

EDUCATION

College of New Jersey
Bachelor's, Computer Science

August 2022 - December 2024
GPA: 3.51

SKILLS

Languages: Java, C/C++, Python, Ruby, HTML/CSS, JavaScript, TypeScript, SQL

Frameworks & Libraries: Node.js, Next.js, React.js, React Native, AngularJS, Ruby on Rails, Flask, Django, Bootstrap

Tools & Technologies: AWS, FastAPI, Docker, MySQL, PostgreSQL, MongoDB, Linux/Unix, MacOS, Windows, Git, JUnit, Eclipse

Focus Areas: Frontend & Backend Development, Cryptocurrency/Blockchain

PROFESSIONAL EXPERIENCE

ETS

Princeton, NJ, USA

Java Developer | GitLab, SQL Developer, AWS, Spring Boot

June 2024 - December 2024

- Worked with team to accomplish various tasks following an agile methodology (DevOps) and leveraging a ticketing system (JIRA / Confluence).
- Maintained various Maven-based Spring Boot projects; refactored the technical debt found.
- Developed web services (REST APIs) to query data from the internal Oracle Database using Hibernate to return JSON data.
- Improved efficiency by decreasing manual testing efforts by 40% by implementing automated end-to-end tests with JUnit and CI/CD pipelines using GitLab CI.
- Leveraged AWS cloud technologies such as Lambda (Serverless), SNS, SQS, etc.

College of New Jersey

Ewing Township, NJ, USA

Help Desk Support Specialist

October 2022 - September 2024

- Provided comprehensive technical support to a diverse user base of students, faculty, and staff.
- Trained new hires and served as the primary consultant at the help desk, enhancing team competency.

PROJECTS & OUTSIDE EXPERIENCE

Hearing Loss Simulator - [Link to project](#)

2024 - 2024

Developer | HTML, CSS, JavaScript, WaveSurfer

- Developed an educational simulator for experiencing Sensorineural Hearing Loss.
- Incorporated interactive features for user engagement.

Hackathon Logistics Organization App - [Link to project](#)

2023 - 2024

Director of Technology | Django (Python), PSQL, AWS, Sendgrid API

- Led the technology team for TCNJ's annual hackathon, maintaining and improving the event's digital infrastructure.
- Uses range from handling registration to participant and organizer management.

Protestify

2024 - 2024

Lead Developer | Angular, Typescript, Ruby on Rails, PSQL, Google Maps API

- Created a platform for promoting peaceful rallies, integrating custom APIs for backend data retrieval.
- Designed user-friendly interfaces and interactive features to enhance user engagement.

CERTIFICATIONS

Software Developer Associate | AWS

In-progress

Full-Stack Developer Professional | Meta | Coursera

Dec 2023
